

### REMARKS

Applicants have carefully reviewed the Office Action dated January 21, 2009 regarding the above-referenced patent application. Claims 1-32 are pending and under a restriction requirement.

Applicants hereby elect Group IV, corresponding to claims 24-32, without traverse. Applicants note that the Examiner has asserted claims 1, 15, 20, and 24 to be generic. Applicants assert that when a generic claim is subsequently found to be allowable, consideration of a reasonable number of additional species is proper. (MPEP 809.02(c)). Upon allowance of a generic claim, full consideration of all withdrawn claims to non-elected species embraced by the generic claim is respectfully requested.

As a result of this election, claims 1-23 have been withdrawn from consideration, with claims 24-32 remaining under consideration. Examination of the above-identified claims is respectfully requested. If a phone conference is believed necessary to resolve any outstanding issues with respect to the above discussion, the Examiner is respectfully requested to contact the undersigned attorney.

Respectfully submitted,

Eduardo Chi Sing et al.

By their Attorney,
